

## Access Control Reader from Industry Leaders In Vandal Resistant Door Entry Systems

**EXPERIENCE**

Entrotec has over 25 years of experience in the design and manufacture of vandal resistant door entry systems.

**WARRANTY**

Entrotec systems are renowned for their reliability and have a 2 year warranty on all Entrotec manufactured products as standard.

**SUPPORT**

Entrotec offer complimentary training courses and telephone support.

- Assisted Key Management
- Onsite or Remote Administration of Keys
- Over 60,000 User Keys
- Over 1,000 Doors
- Over 8,000 Events are Logged on Each Deck
- Optional Pre-Programmed Contractors Keys
- Integrated or Remote Lock Release Connections
- Colour Coded Keys
- Simple Cabling

- ETA is a new standalone reader for Apex systems with integrated access control.
- Entrotag offers a cost effective access control solution that is flexible and user friendly. It is easy to install and requires less cabling than standalone solutions.
- Key management is assisted with keys being assigned to a flat with a colour reference.
- Additional programming keys can be added to a system allowing multiple operators to administer keys.

- ETA can be used to expand both new and existing access control / door entry systems.
- Keys are securely added or deleted at the call panel so there is no need to access the main control unit. Keys can also be administered remotely over the Internet.
- Optional contractor keys can be programmed into an unlimited number of systems prior to installation.
- Door access can be restricted so keys can be programmed to only open certain doors on a system.
